

FORS DATA SHEET

FORS (Fleet Operator Recognition Scheme) is a nationally recognised accreditation that promotes best practice in fleet operations. It helps businesses improve safety, efficiency and environmental performance while demonstrating a commitment to high operational standards.

FORS

Achieving FORS accreditation helps businesses strengthen their reputation, improve road safety, reduce operating costs and meet the requirements of many public and private sector contracts.

It also demonstrates a proactive approach to compliance and continuous improvement.

BENEFITS OF OUTSOURCING:
